Step 1: Action Plan Assessment

What are your goals around energy use?

- ☐ I want to know how to make my house as efficient as it can be
- ☐ It's important for me to lower my bills to a reasonable level
- ☐ I'm curious if I'm wasting more energy and money than I should be
- ☐ I'm looking for some quick and easy ways to lower my bills
- ☐ I want to generate energy with renewables like solar

Have you done any of these energy efficiency upgrades done in the last 5 years

- ☐ Attic air sealing
- ☐ Attic insulation
- ☐ Duct sealing
- ☐ Water heater pipe insulation
- ☐ High efficiency heating and cooling

What do you think about your energy bills

- ☐ They are far too high
- ☐ A little bit too high
- ☐ They are reasonable
- ☐ Not sure

Tell us your street address

We think you might like the Advanced Upgrade best.

Review your options and contact a contractor to finalize your decision.

Advanced Upgrade

No two homes (or homeowners) are exactly alike. Perhaps you're looking for ways to save even more on your utility bills. Maybe you're in the market for a new heating or cooling system and want to learn what options are available. Or maybe you are already planning to remodel your home and think it's the right time to make it more efficient.

No matter what your situation, the Advanced Upgrade Package can create a custom-made solution that maximizes your savings, your comfort and your rebates!
